If the government is anxious to keep "commissions" at work, and as almost everything from hairpins to locomotives has been investigated by one or more of these "commissions," it might be well to have the grain elevator situation in Alberta looked into. There is great dissatisfaction among the farmers, and many of them assert that they are not getting a fair deal. The elevators, they say, are all blocked, and it is impossible to get grain. Grading is ridiculous, one elevator will give a No. 1 grading, while another will grade the same grain as low as No. 4 or No. 5. We have had several farmers in to see us, and one man says that he makes from fifteen to twenty-five dollars a ton on his grain by hauling it outside his district and while he hates to make the longer haul, he gets well paid for his trouble. If the government wants to do a real service to the farmers, a commission to investigate this state of affairs should be appointed at once.

Community Silver. Holton's Jewellery Store.

A good address was presented on Monday evening at St. Andrew's Church to hear Lt. Col. John Pringle. The general subject of address was "The Forward Movement," but he related many stories of his experiences in the Yukon and elsewhere. He had a hit at the Nova Scotia, who has said lived on "salted cod-fish and cold-blue potatoes," and remarked that when he was a boy, he used to think the people over in New Brunswick lived on "ketchup and ketchup." Aside from the humorous standpoint, he remarked that wherever a chaplain had a message, the compulsory parade was never objected to. Here at home, a man had to have a message and people would congregate to hear. "The Simplest and greatest was the message of the pleading Christ 'Hither to Me, all ye that labour, and are heavy laden, and I will give you rest.' The lecture was held with great attention, and hearty appreciation was shown at its close.

Give him a nice pair of Cuff Links—A useful gift. Holton has an extra large variety to choose from.

"Fells and Duties of the Hour"—A message for these days of crisis. Next Sunday evening at St. Andrew's Church. "Saying, self and Saving Others"—subject at the morning service. You are cordially invited to these services. The Christmas Tree for the children of St. Andrew's Church will be held on Tuesday, Dec. 23rd. The children are busy practicing for the entertainment.

Lacombe needs a hockey team, and there is good material around town for two or three. The members of Lacombe should be interested enough in this to get busy and organize some kind of a team. This of course will take a little money, but most of the men in Lacombe can afford to spend some on such a thing. The hockey team. At one time, I, the half the team on the line and there is no reason why, with a little co-operation on the part of our town that Lacombe should not have one of the best today. Take the hint, and help the thing along.

"When is a church a success? e.g. if Grace Church is to help you, what must it be like. We shall therefore talk of this suggested Forward Movement on Sunday night at Grace Methodist Church. Perhaps we could help each other—come and see.

Mr. and Mrs. D. Hultin and not Hugh left on Monday train for a trip to Los Angeles, California. They expect to be gone about three months.

Griffith's latest, a great picture. There is more than mere action, more fine photography, more beautiful scenes, more magnificent acting, and more reality than you will get in a dozen so called "feature" pictures. Don't forget to attend. This is your last chance to see it. It will be shown at the Rex Theatre on Wednesday and Thursday, December 17th and 18th.

THE CARNIVAL

All arrangements are made for the Carnival on Friday evening. A great attraction has been secured for the evening, when one of Canada's most celebrated fancy skaters will appear on the ice and show what real skating means. We will not say that this skater is the best on the continent, but we will assure the people that he is away up in the front rank. This event alone will be worth the price of admission. The price list is as follows:

For best fancy skater; best lady's costume; best gentlemen's costume; best comic gentleman; best comic lady; best dressed couple; representative of Nursery Rhymes; representative of breakfast food; Business representative; youngest skater on the ice; boy or girl; best costume boy under 15; best costume girl under 10; best costume boy under 10; best costume girl under 10.
Refreshments will be served during the evening, and there will be public skating after the judging.

ALIX NEWS
The shipment of cattle made on
Saturday last week was for the
most part, the product of the Moose
Parley farm south-west of town and
was surely a choice lot of stuff to el-
ect the special granges afforded them in
the Calgary District. Another boost
for us as a stock district, for while
in other portions of the province cat-
tle are starving, Alix is sending to
market Ali stuff.

The Trooper Livery Barn had a
close call on Sunday afternoon last
when a fire started in the office and
eating through into the partition,
pushed upward to the roof. There was
no one there at the time, and had it
not been for Mr. S. Grydenchek, who
noticed the blaze from across the
street called for help and with snow
and water put out the flames. Alix
would have been without a Livery.

The largest stock shipment of
Butter to leave Alix, was made on
Wednesday last when "The Meadow
Creamery Co." sent a shipment to
Edmonton. This car contained in the
neighborhood of 10000 lbs. at a value
of \$12,000. What we need is a few
more industries of this progressive
nature to make our district a ver-
itable gold mine for the farmer.

Economy of Ford Service

WEAR is unavoidable even in the
best car, but certain parts wear
out more quickly than others. There is
no need of scrapping your car because
the piston rings have seen their day,
because the platinum points of the
vibrators are worn out. Probably the
rest of the car is as good as new.

Medical men agree that the human
body is renewed, cell by cell, every
seven years. You can do the same
with your Ford Car and prolong its life
at minimum cost by replacing worn
parts from time to time.

Ford service has been the means of doubling
the lives of hundreds of Ford Cars, and cut-
ting down the cost of motoring. The fact that
a Ford Touring Car, which costs \$650, f. o. b.
Ford, Ont., can be purchased part by part
separately for \$917 is ample proof of the
economy of driving a Ford Car.

It will pay you to have your car overhauled during
the winter months. The Canadian Dealer and his
2,000 Service Garages supply genuine Ford parts and
prompt repair service.

When buying, choose a Ford, and take advantage
of the economy of Ford service.

Titan Tractors
Ask your neighbor who owns one, just what he thinks of his 10-30 Titan Tractor. The extra amount of plowing done last fall, the new hand he was able to put under cultivation during the summer, the complete satisfaction that the tractor has given him, is the best recommendation we can give you. Remember, the Titan is strictly a coal oil burning engine (cheaper fuel), that it runs 900 revolutions per minute (longer life), that the draw bar pull is 4 horse power more than its rating, (more power), it is backed by the Harvester Co., with its repair system, and their trained agents (the best possible service). And the price (\$1150). Yes that's the price, eleven hundred and fifty dollars. See us about one; we will be glad to demonstrate to you in any way.

BENTLEY NEWS

The Annual meeting for the election of Village councillors was held on Monday night, Dec. 8th, and Messrs. Percy E. Thorp, Thomas M. Lormier and James B. McPherson were elected councillors for 1920. There was a little more interest shown in the meeting than last year. There were 11 persons present at the meeting. There are about 33 resident taxpayers so the percentage was not too bad; however, there should have been twice as many to say the least.

There were many things discussed informally at the meeting, such questions as the curfew, sidewalks, and perhaps the most important, Fire Protection. The village is just about as big as the place it was when the fire swept the whole block on south side of main street. There is practically no fire protection and no fire brigade drill. This is not right, and should be one of the first things to engage the serious attention of the new council.

Flashlights are a nice Christmas present. See our different kinds—Karlson and Johnston, Bentley. Shareholders of the Bentley co-operative Association held a special meeting in the school house on Saturday, Dec. 6 to consider the financial status of the company in relation to the new store. It is to be hoped that every effort will be made to make this store a splendid example of what co-operation can do.

We carry a splendid assortment of Silverware. See our Display. Morrison and Johnston, Ltd., Bentley. Mrs. R. C. Miles, and her mother, Mrs. J. R. Hutton are in Calgary, where an effort is being made to improve the precarious health of Baby Miles. Everyone sincerely joins in hoping for success of the treatment.

Mrs. M. J. Bateman arrived from Kerrobert on Saturday and they have taken up their residence in part of Mr. Chas. Whitesell's house. Why not have a New Range for Christmas. We have the kind you want—Morrison and Johnston, Ltd., Bentley.

There are several rumors of New Business enterprises in Bentley. A Drug store and a Lawyer's office seem to be coming our way. What has definitely been launched is a really, truly Bentley News Paper. Mr. R. L. Bateman has been appointed Business Manager and Editor. His office is the Bentley garage and he will be glad to receive news items, advertisements, etc. The first issue of the paper will be on Jan. 3rd. Two or three issues will be mailed free of charge to as large a mailing list as we can compile during which time Mr. Bateman will be pleased to receive subscriptions. The name has not been fully decided upon yet, our suggestion for a name is "The Bentley Co-Operator." The paper will be printed in Calgary.

Christmas Sleighs at Morrison & Johnston, Ltd., Bentley. The next meeting of the U.F.A. and U.F.W.A. will be held on Saturday afternoon, Dec. 20 at 2 p.m. The men's section will meet in the church Club Rooms. The annual election of officers will take place and delegates to the Provincial Convention will likely be appointed.

The Women's section will meet in the church. Every farm woman is urged to request to attend, as many subjects of importance will be discussed. Officers will be elected and a delegate to the Annual Convention in Calgary will be appointed. An address will be read by Mrs. J. C. Carrington on "Women and the Political Group." The Clar R. Jazz Orchestra, under the management of Rudolph S. Shorran have included Bentley in their tour of the province, and will put a real live Jazz Dance, full of pep and merriment, on New Years day.

CLIVE NEWS

"The Clive Review", the latest Alberta Venture, was launched upon the Clive and Clive Review on Thursday last. The Review comes out under favourable auspices, and is well supported by the local businessmen. The Western Globe Editor, Richmond, the success that his efforts warrant.

The local post office changed hands on Monday last when Mr. Chas. Coote succeeded Mr. B. T. Allison to the Masterpost.

Joe Cragg had the misfortune to fall down stairs on Monday night last. Fortunately he escaped with a few minor bruises.

A very interesting and pretty event took place recently when Miss Esther Allison was united in marriage to Mr. Charles McCloy Coote. The ceremony was performed by the Rev. Mr. Rogers and was held at the residence of the bride parents. After the ceremony a wedding breakfast was served, about 25 people being present. The happy couple left for Lacombe amid showers of rice and confetti.

After visiting friends in the south part of the province they left for the Pacific coast where they will in all probability spend the winter months. They received many beautiful presents as tokens of the esteem in which they were held by the people of Clive. We all join in wishing them many years of happiness and prosperity.

Mr. and Mrs. B. P. Allison are about to leave for a visit to their old home in Minnesota. They expect to be gone for about three months but will come back to Clive in the spring to take up their residence here. Mr. Allison has resigned his office as Postmaster which he has held for the last eight years. During the term that he held this office, we have received excellent service, and we are all sorry to see Mr. Allison give up the office. We hope that he and Mrs. Allison will have a pleasant trip and return to their old home in the spring.

A Christmas tree entertainment will be held in the Methodist Church on Monday, December 22nd at 8 p.m. sharp, a good time for the kiddies. Sargeant Christmas tree entertainment will be held in the School Tuesday, Dec. 23rd watch for further particulars.

"The Life of Christ" illustrated by lantern slides will be given in the Sargent's School House, on Sunday, December 14 at 3 p.m. also at Clive the same day in the Methodist Church at 7:30 p.m. We seldom have the opportunity of surveying the life of our Lord in its entirety. Come and join in the service of adoration. Mr. and Mrs. Longstreet and Mrs. G. W. R. have returned last week from Southern Minnesota and North Dakota.

A harvest home social was held in Spring Valley last Monday, Rev. J. A. Rogers of Clive lectured on "The Harvest Home." Refreshments were served by the ladies, and all seemed to have good time. The Union Bank Building is nearing completion and adds greatly to the improvement of our town.

Best prospects for Clive look very bright for the future. There is a large demand for both offices and houses and none are to be had.

HEARTS OF THE WORLD
This greatest of war pictures will be shown at the Rex on Wednesday and Thursday of next week, Dec. 17 and 18th. This is without doubt the greatest picture ever produced. Actual battle scenes are shown, and views of all the fronts where the Canadians fought, have been incorporated in the picture. A considerable portion of war scenes has been eliminated from the new films, and pictures showing reconstruction work in France and Belgium, has been substituted. See the new home of Kaiser William and the Crown Prince, and other interesting views of Europe. Be sure and get in early. Remember the dates—Wednesday and Thursday, Dec. 17 and 18.

U. S. Fuel Situation At Serious Stage

Chicago.—Virtually the entire country is struggling to make the best of more abnormal conditions than prevailed during the war, as a result of the drastic measures being prescribed daily to partially counteract the prolonged scarcity of oil in the petroleum fields.

The situation can be summarized as follows:

National Fuel Director Garfield has issued that coal production was increased over last week. Orders for further curtailment in train service were issued. Approximately 150 trains in the eastern region will be affected, beginning Wednesday.

New York City was included in the restricted area, when heat was turned off in the subway, elevated and surface cars during the rush hours, and in cabinet on some of the ferry boats. Theatre signs were also darkened, but for one hour during the evening.

Reports from the Pittsburgh district indicated that many miners there had expressed to their employers a desire to resume work while word was received from Richard J. Hopkins, attorney general, of Kansas that he believed the coal district in that state would break away from the leadership of President Hovatt, of Illinois 14 of the mine workers.

Six counties in Oklahoma were placed under military rule and Governor Robertson has ordered on duty the entire national guard organization to occupy the counties.

Governor Lowden, of Illinois, announced that the state would make no effort to run the mines at present, as it would be almost ruinous to the inexperienced men into the deep pits. Tennessee operators, and miners have been called by Governor Roberts to meet in Knoxville Saturday to consider steps to end the strike without cessation of the mines.

Germany Refuses To Sign Protocol

Delay of U.S. Said to Have Caused Change in People's Opinion

Paris.—Germany has decided not to sign the protocol presented by her to the peace conference, the peace conference has been notified.

It was learned that Baron Kurt von Lersner, head of the German delegation here, called on Secretary Daniels of the conference, and told him the German had made such a decision.

This attitude is taken as confirming the reports of a sharp reaction in Germany within the last fortnight. Trained observers of German developments have expected to members of the peace conference the view that there has been a complete transformation of the situation in Germany, brought about, in their opinion, by the failure of the U.S. senate to ratify the treaty.

These observers declare that while the vast majority of the Germans, before the senate's adjournment, desired the peace treaty ratified as soon as possible, they are now supporting the government's attitude in opposing the demands of the allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which was provided for in the protocol.

The question upon which the German position has been changed, however, appears most sensitive is the indemnity upon the trial of the German officers accused of the commission of crimes in France and Belgium.

Thus far, it is stated, no indications have reached Paris of any disposition on the part of the Germans to modify their attitude.

Unionists to Tour United States

Delegates Reach U.S. to Protest Against Sinn Fein

New York.—Seven members of the United Unionist council arrived here on the steamer Columbia, to set forth to Americans their views on the Sinn Fein movement. The delegation consisted of Wm. Coote, a member of parliament, and the Reverend Wm. Crooks, Wm. Blue, Wm. Corkey, F. Harle and E. Maguire. The party will leave New York Sunday on a speaking tour. A committee of Presbyterians from New York, New Jersey, Connecticut and Pennsylvania welcomed the delegation, which included three clergymen of that denomination.

The methods of the Sinn Fein were likened to those of the Bolsheviks by the members. In a statement to the press they said they had come to the United States to protest against the spread of Sinn Fein propaganda. Six of the members of the mission are clergymen.

We are here in the interests of law and order, of truth and honesty of the fair play and principle to protest against the pernicious propaganda which is being spread in your country in relation to Ireland, says the statement.

Our mission is not sectarian. We raise no religious issue. Our mission is to say in America that the Sinn Fein movement in Ireland, which is spreading its propaganda in America, is not a solution of the Irish question; it is radical and destructive.

At Broadway, Twenty-Seventh street, a wide crack appeared in the sidewalk. Several persons were severely injured by flying glass and had to be treated at a hospital.

A building occupied by the war camp community service, in west Twenty-Seventh street, was badly shaken by the blast and practically all of the windows were broken. An exhibition window was blown into the street. The cornice on three floors of a building nearby was ripped off and hurled to the pavement.

The plate glass windows in New York telephone building in Broadway were completely shattered. The explosions occurred for nearly an hour in the district, and new blasts would occasionally send several manholes into the air.

Gen. Mackensen Received Ovation Berlin.—The return to Berlin of Field-Marshal Mackensen was the occasion of a great ovation. The honor guard and troops of all arms waited at the station and along the incoming railway tracks for the arrival of the field-marshal's train.

A number of prominent generals, including Falkenhayn who was Mackensen's partner in the Rumanian campaign, were present.

As he emerged in the station the crowd broke through the line of guards and shouted greetings to the field-marshal, who wore military decorations. He was pelted with flowers.

Clinton, Ind.—Six men were killed by an explosion in Bogle coal mine No. 3, at Jacksonville, five miles west of Clinton. Three others were seriously injured. The cause of the explosion has not been determined. Officials of the company and officials of the mine were among the killed.

Will Force Germany To Sign The Treaty

Glasgow.—Addressing a political demonstration here, Andrew Bonar Law, Privy Seal and government leader in the House, alluded to Germany's "apparent attempt" to evade ratification of the Peace Treaty, owing to the delay of the United States Senate in adopting it.

Mr. Bonar Law said that he spoke for the government, and he believed for the allies, in declaring that they had the power, and it necessary, would exercise it to secure ratification by Germany of the treaty.

Paris.—Frank L. Polk, head of the United States delegation to the peace conference, summoned Kurt von Lersner, chief of the German representative at Versailles, on Monday, and told him that Germany should not interpret as being in her favor any delay that might be encountered in ratifying the Versailles treaty at Washington, according to newspapers here.

There can be in the United States several ways of understanding the treaty," Mr. Polk is quoted as telling Mr. Lersner "there are not two ways of understanding the obligations incumbent upon Germany, and the effort of leading the United States and her allies."

Prosecution of Ex-Kaiser

Sir Gordon Hewart Declares Preparations for Trial Continue

London.—Speaking at Pontypridd, Wales, Sir Gordon Hewart, attorney-general, said the information was true, that there were any dissensions or waverings with reference to the coming trial of the former Emperor of Germany.

The law officers, he added, were continuing most careful preparations for it. Fifty thousand written statements with reference to the matter of prosecuting criminals for their acts during the course of war had been examined. From this, the speaker said, the audience should appreciate the magnitude of the task and not be confused by the suggestion that the matter was not receiving the closest attention.

SENATOR TALBOT DEAD

After an illness extending over a year, Senator Peter Talbot, one of our highly respected citizens passed to the beyond on Saturday last. The late Peter Talbot was one of Lacombe's pioneer citizens and was the first teacher in our first public school, (the little log building near the creamery). He always took a deep interest in everything pertaining to our town and district, and had a host of friends in town and country.

Senator Talbot was born at Erasmus, Wellington, Ont., in 1854, of Irish parents. He received his early education at Blackwood Academy, and at Ottawa Normal School, obtaining the first class teacher's certificate. On January 1st, 1879, he was married to Miss Clara Card, second daughter of John Card, of Guelph, Ontario. He became a member of the legislative assembly for the north west at the general election in 1902, as a supporter of Haultain government, and in 1906 he secured his election as a member of the House of Commons. He resigned on March 8th, 1906 and was summoned to the senate at that time. He was a staunch Liberal.

He leaves to mourn his demise, his wife, three daughters and one son. His daughters are Mrs. Ben. Layton, of Edmonton; Mrs. Wm. Gray of Calgary, and Miss Winnie, at home. His son, Percy R. Talbot, resides in Edmonton.

The funeral was held privately, on Monday afternoon, and interment was made in the Lacombe cemetery.

The bereaved family and other relatives of the deceased have the heartfelt sympathy of everyone in the district.
